2018 Fall Hunting Program

*Get ready for this fall
filled with adventure
and deer hunting in the
great Wyoming out-
doors...*

Venturing into
God's Creation

Investing in God's
highest Creation

Project

- ◆ we will look to see what the Bible says about weapons, life, property
- ◆ we will look at what God thinks about animals and also humans
- ◆ we will look at what the Bible says about nature and how we are to appreciate it
- ◆ we will teach safe gun handling
- ◆ **we will hunt!**
- ◆ we will teach field dressing of game, proper game handling, and proper butchering
- ◆ we will enjoy gourmet venison (and perhaps provide some awards??)
- ◆ we will provide venison and a freezer to a special family

Mission

Anyone who might be interested in participating with several events culminating in a youth deer hunt and a ministry project, please contact us in person or via the Genesis Outdoors Facebook page. We can also be contacted at info@genesisoutdoors.org.

We have leaders ready and are considering more leaders also. There is much work to do before the hunt and after with very little time to pull this together. But, why waste 2018!!

\$100/per participant

Captivating a generation of youth for God through His creation and experiences in nature. Welcoming home wounded warriors and providing recovery through hunting, fishing, shooting, conservation and related outdoor activities in a non-pressured, Christian environment with respect and gratitude.
